They can't silence the truth

Preamble

This document has the misconduct, disrespect, and poor decision making in the modchats of TGN and the r/Teenagers discord server. It was made using a big leak of moderator chats in those servers. This doc is focused on the TGN side, and has two parts:

1. Snippets of moderator chats which all relate, formatted like **this**.
2. A full mod chat download. (personal info is removed) *(coming soon)*

PART ONE

Attempting to coup/split from NSA

SPLITTING FROM NSA

https://docs.google.com/document/d/1GRvHSzY9wZCj_JolLR5zBeV4yN8GMglpYRA1elmiPZo/edit?usp=sharing

The mod team, with caro, attempted to cut out NSA and make their own Minecraft server called TeenGamingDays (we also have all of these channels). After the mod team realized some players knew, this plan entered a state of limbo. The most important messages are outlined in bold.

Muzak, Turtleboim, and other moderators started using muzak's private testing server as a TeenGamingDays beta. They hoped to eventually switch this in with TGN.

Various Actions of Caro

KEEPING BUBBY BANNED AGAINST THE MOD TEAM'S WILL
https://docs.google.com/document/d/1QnhxlJCqexy7iwZzJvrWoRi3K5OU5mp9pBqVLxebOaY/edit?usp=sharing
Caro overturns a 7-2 vote, keeping OGBUBBY banned.

GIVING UP ON TGN TO MAKE "TOXIC" PLAYERS QUIT
https://docs.google.com/document/d/1lHYv8qmWrd_6efvP0TCSZTHCrlEbl6af3tr8p-r3V58/edit?usp=sharing
Caro spearheads an effort to *intentionally* kill TGN, trying to remove "toxicity".

Moderators repeatedly talk bad about the TGN community

https://docs.google.com/document/d/1-hV8tuvODYsdHVlZfTxJh9GDvc-VVyRClqc1VmgsVDM/edit?usp=sharing
There is a stereotype about the TGN community, reinforced by moderators.

Small/Extras

The mod team lies to o8f about his ARC proposal, claiming it was sent to NSA.

MOD TEAM DISTRIBUTES PLAYER IPS
https://docs.google.com/document/d/1YEgafUJr_Ljrw_6fAacBcGG0PF5kA_5Pe_FDijcUBNk/edit?usp=sharing
The moderation team publishes players' IPs in their chats. You shouldn't do this, as evident by this leak.

***Too much information to sort through and filter, literally tens of thousands of messages. This will be finished in the future, but this document is focused on TGN. We are pressed for time and wanted to release as soon as possible.**

<u>Live update section:</u>

Today has been a wild day. When I got this information, I knew what to do with it. The following section will be updated as we make progress in finishing the document. Our highest priority is going through every chat we have and filtering personal information so that we can release it in full so the reader can form their own opinion. We aren’t in a position to tell you how to think.

We have three official contact points:
1) This document
2) The discord account [TGNLeak#3886]
3) Reddit account /u/TGNWakandaLeaks
Do not trust any impersonators pretending to have information.

This is not for attention. Our identities will remain anonymous.

The moderator team, upon hearing this leak was about to be published, panicked and announced the split with NSA early. Do not be mistaken. This is not on good terms. Caro is not acting “for” the community but against it.

Full chats will be posted later this evening.
